

PROVISION OF SPECIAL DIETS

The School Meals Service endeavour to work in partnership with all families to ensure that we provide specialist diets and menus for all pupils to enable everyone to enjoy a school meal. If your child has an allergy or intolerance to any food could you please complete the details below and return to the school. Please include written confirmation from a Doctor or Dietician confirming the allergy/intolerance as unfortunately the diet cannot be put in place without this confirmation.

Please note diets required for religious reasons do not require medical evidence.

Allergens

Please note all our suppliers are requested to supply nut free products. However, whilst some products can be totally nut-free suppliers cannot give us a total guarantee that cross-contamination with nuts does not occur during the manufacturing process. Suppliers also cannot guarantee cross-contamination does not occur with other allergens that can cause anaphylaxis. However, we will attempt to minimise the risk in all cases by providing allergy specialised menus.

Therefore it is necessary for us to draw your attention to the fact that Durham County Council's School Meals Service is unable to guarantee a 100% allergen free school meal. Signing below you are instructing Durham County Council to provide your child with a school meal.
