Information for Parents and Carers regarding Teaching during Lockdown

Dear Parents/Carers

As you are no doubt aware there has been a huge and total change in Central Government’s view on the safety of all children in all schools. As a consequence, Walworth School has devised a programme to support eligible children’s Education within School, all be it on a part time basis. We will contact you when your child has been allocated time at School. We will contact your child’s taxi and try to ensure they provide this service on the days we are offering. When your child is in School we will provide the usual hot meals at Lunchtime.

In an attempt to reduce the potential spreading of the Covid19 virus we are setting up a mix of reduced timetable of attendance and remote learning at home. The remote learning platform will be ready for the end of this week. **As a School, or any organisation across the Country, we cannot guarantee the safety of all children**, BUT, have endeavoured to follow Government, Local Authority and Public Health and Safety.

Currently we envisage this pattern of education will start from Wednesday 6th January and to remain in place until February half term. The staff rotas to support your child may not include familiar staff to your child, but in an attempt to reduce the potential of spreading Covid19, there will be less staff in School on a daily basis but not diminishing Health and Safety levels.

This being the case we will expect the highest levels of pupil behaviour when in School. If we find behaviours were totally unacceptable it may be necessary to withdraw an attendance placement on the grounds of Health and Safety.

As a School we are trying our very best to support children and their families the best we can at this most difficult of times. As Governors and Senior Leaders, we graciously thank all parents and carers for their cooperation up to this point and hope this support continues in these most extreme of times.

Governors and Senior Leadership Team.
