

2019–2022

Walworth Primary School

“Supporting everyone’s emotional wellbeing and mental health, so that they can be listened to, are happy together and ready to learn”

Walworth is a primary maintained school for children who have special educational needs aged 4 to 11 years. Our pupils attend from areas within the County of Durham and some further afield. We have achieved a good grade from our last Ofsted inspection and outstanding grade for our residential care inspection. We have recently achieved the Wellbeing Award for Schools (July 2019) which demonstrates a national standard for positive mental health and emotional wellbeing. Attached to our school is our Residential Unit 'Acorn House' which provides flexible accommodation for up to ten boarders and has provision for five extended day pupils, which is available by a referral system dependant on the child's needs. Acorn House offers a wide range of activities, many aimed at developing social skills.

When is it on?

Time of day

Morning

Afternoon

Extended day and Residential Provision

Local Offer

Local Offer description

We offer a nurturing ethos and an inclusive curriculum for all children. We promote mental health and emotional well-being through our enhanced focus by using commissioning services effectively to deliver impact for the needs of the children, staff and parents / carers.

All children at Walworth School will access;

- A curriculum and residential care provision designed to meet the needs of all children with a variety of SEND.
- Support from highly trained staff who are sensitive to the needs of children with SEN and their families.
- Specialist External Professional Support from other services employed within the school setting Primary Mental Health Key Worker (CAMHS), Speech & Language Therapist (NHS), Occupational Therapist (Future Steps) and an Educational Psychologist (LA).
- A variety of teaching methods to take into account the various preferred learning styles.
- A Parent Support Advisor (PSA) to ensure support networks are available to all.
- Information to support children's development, progress and communication between school and home in relation to the variety of additional events.
- A Governing Body and Leadership Team committed to embedding the principles of the vision, aims and ethos of the school.
