

Hints and Tips

Keep your child safe online while using devices at home

- Supervise your child when they are using technology. This will help them not only to stay safe but to support them with their learning.
- Ensure that the home broadband is filtered. The best way of doing this is to follow the instructions on this website <https://www.internetmatters.org/parental-controls/broadband-mobile/> (*Google Internet Matters and follow the links to parental controls*) This will reduce the chance of children stumbling across adult content.
- Don't put in any account details linked to your family personal finances (Netflix, Credit Card, PayPal etc...) as it would be difficult to guarantee that details would be wiped if the device was reissued.
- A good child friendly search engine is <https://swiggle.org.uk/> this almost always comes up with useful results with less undesirable content.
- If you have any questions or concerns please contact school through the usual channels.
